

TENNIS CLUB BOARD MEETING 7-13-11

Those attending: Linda Stewart, Ron Kahn, Lois Parsons, Nina Clark, Michelle Forsberg, John McGregor, Ian Mindell

Website: Feedback survey: suggestion was to change the tab to read "Help our Club Improve". John will ask Chris to change it. Also, ask Chris if he can monitor website hits.

Burger Bash: This Saturday, July 16th. Michelle, Lois, Nina and John will help out. Linda will do the shopping. There is salsa and cheese leftover from the Sombrero event that we can use. The board decided to make it a sausage slam which we will have changed on the marquee. We still need to find BBQ'ers. The next bash is scheduled for 8/13 but was decided later to hold it Friday 8/12 due to the conflict with the TD concert.

Club Championships: Need to decide on the format. There is men's, women's and mixed doubles. Last year's format was to handicap the players. Other suggestions included a round robin, or compass format. 1st to 5 games with a tiebreaker at 4-4. The dates are 7/30-31. The board will serve a breakfast of yogurt, bagels, fruit, juice. Also, a lavosh lunch. It was decided later not to hold the pre-cocktail party. With the round robin format, players are more likely to stay and eat lunch, drink beers after play. So we will provide more lunch and drinks in lieu of the expense of the cocktail party. Employees are eligible to play in the tournament. Linda will do the shopping; we need a set-up person.

Social Events: Been very successful. Next one is the Chairman's Hour on 7/22. Boot, Scoot and Boogie 8/8.

Weekend of 7/22-24: Ian has 7 local teams to compete over the course of the weekend in a pro exhibition. First round Friday evening can be viewed by those attending the Chairman's Hour social event.

Membership Report: 186 total, 89 applications (as of 6/30/11)

Treasurer Report: \$3,520.05 balance. \$261.77 was spent on first Burger Bash, \$101 on alcohol and chips, salsa for Margarita Madness pro exhibition. Membership dues have brought in \$2658.

Next Meeting: August 10 @4pm
